

MOVA99

Partner Program

Affiliate & Influencer Program

Mova99 offers a cash commission referral program for creators, influencers, bloggers, and social media personalities who drive sales to our platform.

How It Works

1. Create a Mova99 account — your unique referral code (e.g. MOVA-XXXXX) is generated automatically.
2. Share your code with your audience. The code must be entered by the new user at the time of account sign-up — it cannot be applied after registration.
3. When someone signs up using your referral code and places an order, you earn 5% of that order value.
4. Commissions accumulate weekly. Contact us at the end of each week to arrange your payout.

Commission Structure

Commission Rate	Payout Frequency	How to Claim
5% of referred order value	Weekly	Contact support@mova99.com

Important Rules

- The referral code **MUST** be entered at sign-up. It cannot be applied retroactively after an account is created.
- Referral earnings and statistics are visible only to Mova99 — not to the referrer. Contact us to inquire about your balance.
- To receive your commission, contact us at support@mova99.com and we will process your payment.
- Self-referrals (using your own code on your own orders) are not permitted.
- Cash commissions are paid weekly upon request — we do not automatically send payments.
- Mova99 LLC reserves the right to verify referral activity before processing any payout.
- Fraudulent referral activity results in immediate account termination and forfeiture of all earnings.
- Participants must comply with all applicable FTC advertising disclosure guidelines.

Who Can Join
